Enriching Your Child Through Painting.

You Probably Think Your Child Is Special - We Agree!

Let your child paint in our professional open plan art studio for Young Artists (6 to 13 yrs). Let your child paint on a canvas and easel, creating their own piece of art under our guidance.

The Studio at KL offers structured classes that allow our students to make their own decisions, try out new ideas and allow them to dare. We believe in a student oriented Art experience. Our students control their painting not the other way around.
